

We'll keep your cycling plans on track

Cyclesure Insurance

Cyclesure is a short term insurance package, especially designed for cycling enthusiasts. It covers all risks both in South Africa and abroad and more.

Cover includes:

- All risks for bicycle and accessories based on replacement value
- Theft, hijacking, damage incurred in transit or whilst training
- International, national, provincial or club events, time trials or track events
- Liability

Most important of all, Cyclesure covers you. We don't have to remind you that cyclists are extremely vulnerable to motorists. It is always the cyclist who comes off second best and bad falls are not unknown, whether caused by inconsiderate motorists or other cyclists. Consider your protection. You don't have any serious protective padding or clothing and the only thing between you and a head injury is a lightweight helmet. This is why the following Personal Cover forms part of the Cyclesure package:

- Personal accident cover – death or permanent disability cover of R10 000 (in respect of official racing events only)
- Medical expenses of up to R5 000 for any accident (in respect of official racing events only)

ER24 SweatSAFE

In addition to caring for your wheels, Cyclesure also cares for you. As a Cyclesure policyholder you can become a member of ER24 SweatSAFE. This is a personalised identification system designed for cyclists in the event of any medical emergency. This membership is at a preferential rate.

ER24 understands that emergency care is most effective when a patient can be identified with no delay and when medical cover is immediately verifiable. With this in mind, ER24 developed the ER24 SweatBAND to identify and protect active sportspeople – in particular cyclists – and thereby enhance the care offered by ambulance services and hospitals.

The ER24 SweatBAND is a velcro band worn around the wrist (or ankle) which contains the telephone number of the ER24 call centre – 084 124 – and the ER24 SweatSAFE member's unique PIN.

Cyclesure benefits
