

We simplify your life

Flexiflite Insurance

Flexiflite is an innovative insurance policy that combines business and household insurance in one policy.

Unheard of flexibility

Flexiflite is an insurance policy that combines both business and personal insurance – just one policy with either a monthly or annual debit. With it comes balance, much needed simplicity and a reduction in administration. It also gives you a greater degree of control.

A new degree of flexibility

Flexiflite is ideal for a sole proprietorship, be it in trade, retail or professional fields – it is ideal for doctors, lawyers, veterinarians and architects. Its strength is its exceptional adaptability and the role it allows you to play. You are able to select and define the exact insurance cover you need.

Domestic cover

Under the domestic banner you can insure buildings, their contents and a range of other events such as fire and lightning. Buildings that may be covered include your place of residence. It goes without saying that the contents section is extensive, covering household goods of almost every description.

Other domestic insurance options are:

- All risks
- Computer equipment
- General liability
- Motor vehicles
- Pleasurecraft
- Personal accident

Business cover

Under this heading you are able to insure your business buildings plus all office or business equipment.

In addition the policy will cover you for the following:

- Material damage
- Business interruption
- Group personal accident
- General liabilities
- Electronic equipment
- Motor vehicles and vehicles used for business

The policy is extensive and the cover can be adapted to suit both your personal lifestyle and your business.

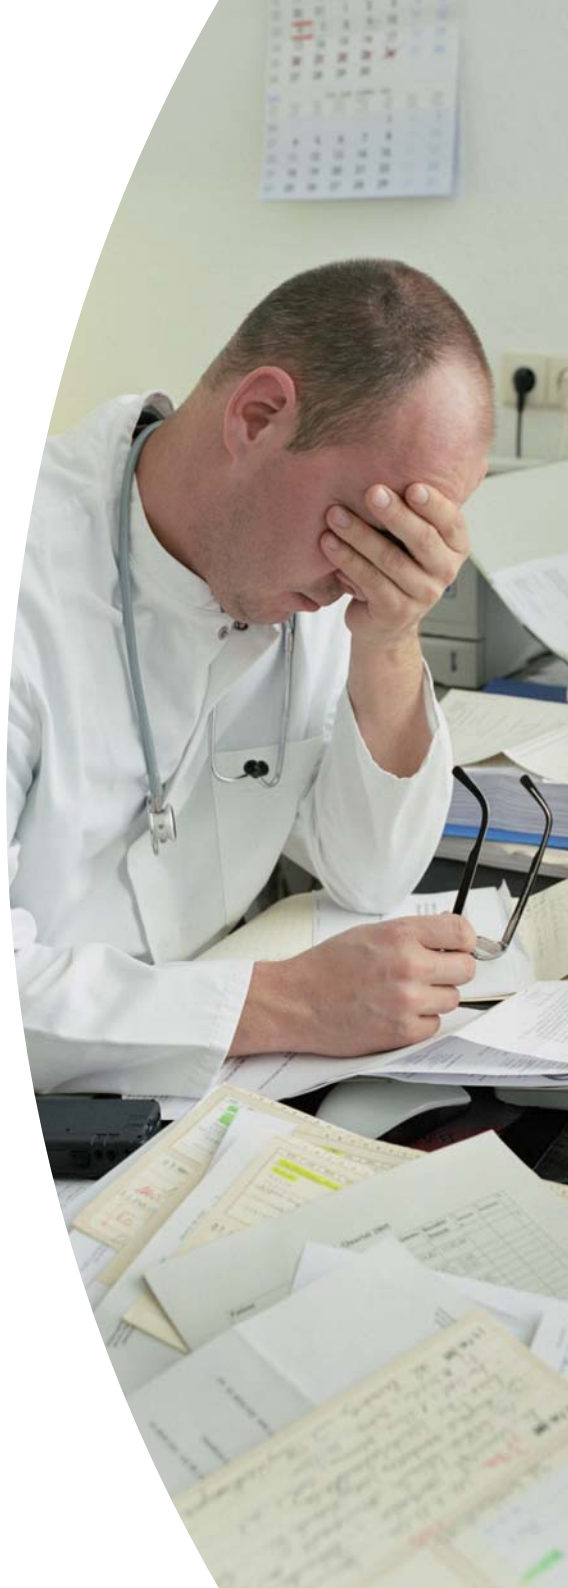

If you are at the point where simplification is a goal, Flexiflite is the perfect place to start. If you are tired of being told what you can and can't do, Flexiflite gives you the power to shape and define your insurance precisely the way you want it. Call your broker today and find out what Flexiflite can do for you.

About Zurich in South Africa
